

8:20 to 8:40 PM

Caucus Why # 3 – The Platform

Introduce, debate and approve or reject resolutions

Turn in your completed 2008 Platform Survey

Democrats should complete the platform survey in advance and bring to caucus to expedite the busy caucus agenda. After January 5, download the final survey from this Web site or pick up a copy at BCDP Headquarters. Many precinct captains also will have copies. Additionally, please check with your precinct captain about neighborhood pre-caucus discussions planned for January to help build consensus around specific platform elements.

Introduce resolutions: For those who feel important issues are still missing from the platform despite many months of public input, the resolution process provides one final opportunity for input. To submit a last minute resolution, print the "Form for Resolutions"

Resolutions will NOT be accepted in any other format. Individuals who fail to meet the January 3 deadline for last minute resolutions will be solely responsible for distribution of copies of their resolution to individual precinct caucuses for consideration on February 5.

Debate and vote on resolutions.

Individuals may submit Resolutions on a Form for Resolutions for consideration by their precinct. The Resolutions will be discussed and then a vote taken whether the Resolution should be forwarded to the Platform for inclusion in the final Platform to be voted on at the County Assembly.

Resolutions with greater than 50% approval will be accepted.

8:40 – 8:45 PM

Gather up all your paper work and clean up your area. Complete the front of your envelope and return to your Superchair.

Thanks for participating in your Boulder County Democratic Party Caucus! This is the foundation of Democracy and without you it doesn't work.
