Individual precincts will be grouped together by neighborhood.

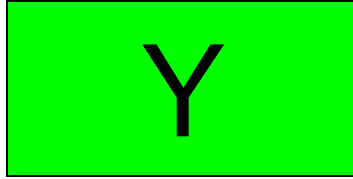

These groups of precincts are called a Super Site.

They will mostly meet in schools.

Each Super Site will have a leader - there are about 35 sites in the county.

The precincts at the Super Site will meet as a large group first, then each precinct will meet by its self, usually in a separate room.

A brief rationale for caucus participation

PLATFORM

Participate in formulating the party platform, which in essence describes the foundation of the party.

DELEGATES

Determine whom to support as the party nominee for various elected offices, ranging from President to sheriff, and elect delegates to the county assembly and county convention to support those nominees.

ORGANIZATION

Elect two Precinct Committee Persons who will represent the precinct on the county Central Committee (which elects county officers and sets policy for the county party organization) and who will conduct the precinct GOTV campaign.
